CARRANZA TO HAVE SAY IN ELECTION

Statement Gives Colon to Rumor of Peace Talk Between Chief and Huerta

CONGRESS CONFIRMS HUERTA AS PRESIDENT

Election of Both President and Congress on First Sunday in July

MEXICO CITY, Dec. 10.—What seemed a partial confirmation of the reports that General Huerta and General Carranza are negotiating for peace came from a reliable source today, which states semi-officially that Carranza will be given a voice in the choice of a president satisfactory to all factions at the July election, set by Congress.

CONGRESS CONFIRMS GEN. HUERTA AS PRESIDENT

MEXICO CITY, Dec. 10.—The Mexican Congress nullified yesterday the presidential elections. New elections are called for next July. Congress decided last night on the first Sunday in July as the election date. Congress also confirmed Huerta as provisional president until then. This gives General Huerta at least seven months more, and if the time necessary for election and installation of his successor is taken into consideration, it will be well toward the end of next September before he yields his power to another.

The Catholics were absent from the session, and no debate accompanied the confirmation of Huerta as president.

The measures taken last night also provide for the election of a new Congress, since the one elected to take the place of that dissolved by Huerta is to serve out an unexpired term which should terminate on September 15.

The reason given for nullifying elections was the insufficiency of the number of votes cast. It was stated that the entire number of voting places in the republic is 14,225, and that returns were received from 797.

SHIP EICHENBERG HAS GONE AROUND

Stuck at Frying Pan Shoals—Rio Grande Was Falsely Reported on Fire

WASHINGTON, Dec. 10.—A wireless from the U. S. revenue cutter Seminole says the German ship Eichenberg is aground at Frying Pan Shoals on the North Carolina coast. The crew is not mentioned so it is believed to be safe. The Eichenberg was discovered to be aground last night and the Seminole was dispatched to her assistance.

FALSE REPORT AS TO SHIP RIO GRANDE

WILMINGTON, N. C., Dec. 10.—The Mallory line steamship Rio Grande, reported afire and in distress Monday somewhere off the Virginia or North Carolina coast, was in no need of assistance yesterday morning, but was proceeding southward off the coast of Georgia, according to wireless advice picked up at sea today.

The United States revenue cutter Seminole, Capt. Caron, intercepted one of the Rio Grande's messages saying that there was no fire on board and that the vessel was in no trouble.

CALIFORNIA ASKS RATE CUT DECIDUOUS FRUITS

SACRAMENTO, Dec. 10.—The Interstate Commerce Commission on the third day of its session here took up the protest of the Pacific Fruit Exchange against refrigeration rates on deciduous fruits from California to the Southern and Eastern states. A reduction of practically \$10 per car is asked. If the point is won, repatriation for the last two years' shipments will be asked.

MARRIES SECRETLY

NEW YORK, Dec. 10.—Felix E. Tumulty of Jersey City, secretary to Mayor Fagan, and brother of Joseph P. Tumulty, secretary to President Wilson, announced yesterday that he married last Monday, Miss Lena Altz of Jersey City, in St. John's Roman Catholic church. Rev. John Mulligan, a classmate of the bridegroom at St. Peter's College, officiated.

Elihu Root To Be Given Noble Peace Prize '12

CHRISTIANA, Dec. 10.—Elihu Root has been designated for the recipient of the Nobel peace prize of 1912; and Henry Lafontaine of Brussels, former president of the permanent peace bureau, for 1913. Root is honored on account of his work as pacificator of Cuba and the Philippines, and for the settlement of the immigration dispute between America and Japan. No prize was awarded last year, therefore there was a double award today.

Schmidt Trial Was Opened Today

NEW YORK, Dec. 10.—The taking of testimony began today in the case of Hans Schmidt, who confessed that he murdered Anna Aumuller, dismembered her body and sank its fragments in the river. The first witness told of the finding of the corpse. The defense will plead insanity.

\$25,000 OFFERED FOR TINKER REFUSED

Gov. Tener, New League Head, Gets Ovation—Anson Will Get Monthly Pension

NEW YORK, Dec. 10.—A flat offer of \$25,000 was today made by President Hermann of the Cincinnati National League Club to President Roberts of Brooklyn, for Joe Tinker, shortstop, and the offer was refused.

Governor Tener of Pennsylvania, elected president of the National League, arrived today. He was given an ovation by league magnates, and will be officially installed this afternoon, when he is expected to outline his principles.

The league will adopt a resolution calling for a pension for Arthur C. Anson, former manager of the Chicago club. The club owners have pledged \$100 monthly for six years.

ORANGE COUNTY MAN SUCCEEDS RIVERSIDE MAN

(Riverside Enterprise.)

Dr. J. W. Neblett, for the past six years a member of the state board of dental examiners, returned Saturday evening from San Francisco, where he attended his last meeting of the board in the capacity of a member. Because it requires so much of his time during two months of the year, the local dentist has been endeavoring to secure his release from the duties of the office for some time. He effected this at the last meeting, when he received official notification from Governor Johnson that his resignation, tendered last July, had been accepted.

The governor gave notice at the same time of the appointment, in place of Dr. Neblett, of Dr. F. H. Houk of Anaheim. The board is composed of seven members, who meet in June and December in San Francisco. The work of considering the applications for state licenses, and other duties of the board usually take up all of June, while fully two weeks of December are generally absorbed in the same manner—a quantity of time which the Riverside practitioner felt like donating to the state no longer.

During his visit to the Bay City, Dr. Neblett inspected the exposition sites and the many buildings in process of erection or completion.

MARTENS' FRAUD U. S. OWNERSHIP IS DEFENSE'S STRENGTH

Answer Says that Gault Got \$30,000 in Notes on a Bid of \$100

ANAHEIM COUPLE SAY NOTES ARE NO VALUE

Action Calls Up Huge Swindle Pulled Off by Hillsboro, Kansas, Man

Once again the superior court of this county has before it a case that grew out of the swindle perpetrated by Henry J. Martens in 1908. This time the issue is the value of three \$500 notes given Martens in one of his numerous crooked deals. According to the defense, C. E. Gault bought notes aggregating \$30,000 at sheriff's sale for \$100, and for three of the notes, aggregating \$1500, he asks the superior court to give him judgment for \$1500.

Gault's complaint sets forth that the notes were given by J. D. and Tienne Wiens, who live at Anaheim, to Martens on Dec. 10, 1908, and they were afterwards transferred to him. Gault is represented by Attorneys Thompson & Spencer of Los Angeles and S. M. Davis of Santa Ana, and the defendants by Melrose & Ames of Anaheim and Davis, Kemp & Post of Los Angeles.

The answer declares that Martens agreed to sell Wiens land in Kern county for \$11,600, and that the three notes were given as part payment. It developed that Martens had no title to the land. It is alleged that on March 18, 1910, Martens acknowledged to Wiens that the notes were valueless and he promised to return them to Wiens, but he never did.

Evidently the reason he did not do so was that the notes were among \$30,000 in notes given the Bank of Topeka, Kas., by Wiens as security for a loan of \$16,000. The answer declares that Martens in his fraudulent operations secured \$100,000 in notes as part payment for Kern county land. After Martens' methods became known, the Bank of Topeka sold its security at sheriff's sale, and the defense declares that he got the job lot for \$100.

The defense declares that no consideration was ever given for the notes in the first place, and that Gault bought them well knowing of the Martens swindle.

Gault is an attorney in Topeka, Kansas, and is not present at the trial. The defense demanded a jury trial, and the merits of the case will be decided by the following: O. P. Bunyard, J. T. Dilley, W. D. Rose, John Van Wyck, John Heston, J. A. Evans, H. E. Carter, W. P. Wyland, A. K. Cravath, R. E. Lewis, Willard Smith and Charles Ross.

DEMONSTRATION MADE BY "DRY" FORCES

2000 Temperance Workers Meet at Capital Against the Liquor Forces

WASHINGTON, Dec. 10.—Representing the Anti-Saloon League of America and the W.C.T.U., two thousand men and women gathered under the capitol dome today in a demonstration against the liquor traffic. Each organization carried a petition demanding national prohibition by constitutional amendment. The petitions were received on the capitol steps by Representative Hobson of Alabama, author of the proposed amendment, and Senator Sheppard of Texas. Brigadier General A. S. Daggett led the Anti-Saloon League forces, and the W.C.T.U. was marshaled by Mrs. L. M. N. Stevens, president-general.

FAIR FINE ARTS AGENT IS HONORED IN PARIS

PARIS, Dec. 10.—Fifty American painters and sculptors in Paris gave a dinner last night in honor of John E. D. Trask, commissioner of fine arts for the Panama-Pacific Exposition. The American ambassador, Myron T. Herrick, said the French government was determined to do everything possible to make its exhibits thoroughly representative of the French people.

Government-Owned Telegraph and Telephone Systems

P. M. GEN. BURLESON GIVES STATEMENT ON MATTER

Anti-Trust Program Discussed by Cabinet—Sherman Law Not to Be Touched

WASHINGTON, Dec. 10.—The government ownership of the telephone and telegraph systems is being seriously considered by the Wilson administration. Following a visit to the White House today, Postmaster General Burleson issued the following statement:

"There is a concerted demand everywhere for public ownership of telephones and telegraphs. However, the Wilson administration will not act hastily, as the question is a broad one. Both the President's mind and mine are open to the wisdom of the move. We are investigating both here and abroad. I expect to say something regarding the matter in my annual report. I have had two long talks with Herbert Samuel of the English postal system."

WILSON AND CABINET CONFER ON ANTI-TRUST PROGRAM

WASHINGTON, Dec. 10.—President Wilson conferred today with members of the house and judiciary committee regarding the anti-trust program. The meeting developed a difference of opinion regarding the character of legislation needed. All agreed that the Sherman law will not be touched.

WATER CONGRESS IN SESSION

GOODLAND, Kan., Dec. 10.—That water can be pumped 60 feet economically for irrigation purposes and that the counties of western Kansas averaged more than 50,000 acres each in the "shallow water" region where such irrigation would be practical, was the assertion today of State Engineer H. B. Walker before the National Irrigation Congress in session here.

Walker, who is secretary of the congress, recommended the use of centrifugal pumps, with internal combustion engine burning the cheaper grades of oil.

Among the speakers on the two days' program are: Governor Hodges, President Waters of the Kansas Agricultural College; Professor Hayworth, head of the geological department of Kansas University; Professor R. N. Buffum, vice president of the congress; J. Post Hardin, irrigation expert, of Denver; Professor Cottrell of the Rock Island railroad agricultural department, and H. E. Murdock, a United States engineer.

DRUMGOOLE IS ON TRIAL FOR ST. MAURICE MURDER

SACRAMENTO, Dec. 10.—The trial of Jack Drumgoole, former pugilist, for the murder of Cherry de St. Maurice, queen of the underworld, began in the superior court today. Drumgoole was arrested in July, and charged with the crime jointly with Sam Raber, a cafe singer, and Cleo Sterling, Raber's sweetheart, and a woman of the tenderloin. Raber was found guilty and sentenced to hang. Miss Sterling was acquitted.

When Drumgoole appeared in court he refused to plead, and the case was continued until Thursday. Drumgoole has already been tried once, the jury disagreeing.

MOTOR TRUCK REPLACES THE FAMOUS ARMY MULE

WASHINGTON, Dec. 10.—The army mule, famed in history and fiction, is being given way to automobile traction trucks, according to a report yesterday from the Board of Ordnance and Fortification to the War Department. The board has found the automobile more "economical and certain."

HOBBO CONVENTION TO BE HELD IN N. Y. CHURCH

NEW YORK, Dec. 10.—When the weekly meeting of hoboes of the Brotherhood Welfare Association ended at the Manhattan Lyceum it practically had been decided to accept the invitation to hold the next meeting in the basement of All Saints' Church.

ASK PROBE STRIKES, COLORADO-MICHIGAN

Solons of Two States Tell of Wrongs to Miners—Arraign Mine Owners—Crisis Near in Calumet

WASHINGTON, Dec. 10.—A congressional investigation of the strikes in the Colorado and Michigan mining districts were demanded today by Representatives Keating and MacDonald of their respective states. The two legislators appeared before the rules committee and told dramatically of the wrongs which they alleged the mine owners perpetrated on the men in their employ. From remarks later dropped by the members of the committee it seemed likely that a probe will be ordered.

Representative Keating declared that hundreds of the professional gunmen hired in the West Virginia coal strikes had been imported into Colorado and that automobiles with gatling guns mounted on the hoods had been bought by the coal companies. He charged that the coal miners are not permitted to receive mail.

Representative MacDonald declared that 23,000 men are out of jobs in Michigan on account of the coal strike and that conditions in the copper region are acute. Both representatives alleged that military courts had supplanted civil tribunals and that arrested miners had been deprived of their rights to have attorneys.

CRISIS EXPECTED IN COPPER MINE STRIKE AT CALUMET
CALUMET, Mich., Dec. 10.—A crisis is expected here in the copper mine strike situation. All schools, factories, mines and business houses were closed today as citizens gathered from here and from Houghton to attend the funerals of the three miners who were shot and killed Sunday, and also to participate in a mass meeting of protest. Forty thousand will attend the meeting. Sheriff Cruze massed three thousand deputies at Houghton this morning, but their presence was not needed. Although a monster parade passed the streets all morning no trouble resulted.

President Charles F. Moyer of the Western Federation of Miners has assumed personal charge of the strike for the unionists. State should permit local municipalities to draw off sufficient water for domestic uses and irrigation purposes. The distribution of electricity should be either by sale to municipalities or to private concerns. That state should retain title to all unused water rights and should never part with them, nor should it part permanently with electrical rights.

"All claims for water rights now in existence and not in use should be terminated in favor of the state unless use is begun within a limited time, I should suggest one year. No new water rights should be granted."

MULHALL LOBBY CHARGES SENT TO HOUSE COMMITTEE

WASHINGTON, Dec. 10.—All questions relating to the investigation of the Mulhall lobby charges were referred late yesterday by the house to its judiciary committee. This action followed a long debate over the report of the special investigating committee, arraigning lobbying activities at the capitol, and holding Representative McDermott of Illinois, a Democrat, guilty of "acts of grave impropriety, unbecoming the dignity of the position he occupied," and a minority report submitted by Representative Macdonald, Progressive, of Michigan, with resolutions proposing the expulsion of Representative McDermott and contempt proceedings against officers of the National Association of Manufacturers.

Out seeing the people, and Democrats in particular, Sidney McM. van Wyck, a San Francisco attorney, is in Santa Ana today. Van Wyck wants to be California's next governor, and he hopes to attain that position by first securing the Democratic nomination for governor. He says that he is going to do but little except campaign from now until the primaries, on the theory that the man who gets out and gets close to the people is the man who wins under the primary system.

"That's the theory upon which I am running," said he. "I have been in the north end of the state, and then came south. I was in Los Angeles, Imperial, San Bernardino and Riverside, and arrived here last night. I met and talked with a number of people last night, including Mr. Head, chairman of the Democratic County Central Committee, and it is my intention to see as many people of all parties today as I have time for. There are fifty-three counties in the state, and a man who is going out on his own merits without any political ring to back him, as I am doing, has a big job on his hands to visit each county and spend a day or two in the smaller counties and several days in the larger ones."

Van Wyck has been one of the leaders in the Democracy in San Francisco for twenty years. He has attended all the state conventions of the party in that time, has generally been on the platform committee of those conventions, and has been a man of influence in his party, particularly in San Francisco. He is one of three avowed candidates for the Democratic nomination. The others are Hall of Bakerfield and Cutrin of Sonora. There are a dozen or so others who are prospective candidates.

Van Wyck outlines his platform as follows:

Stands for Short Ballot
"I stand for the short ballot in state elections, also for a single chamber state legislature to meet three times annually, and to receive adequate pay a hundred and twenty men, of whom a hundred are chosen at each state election in November. They go to the state capital in the following January and at the end of April they adjourn finally. Thus, after four months' service they stop work, when they have just begun to know the needs of the state."

"But if, as I propose, they meet every four months, they would not, as now, rush through a mass of ill-considered legislation at the beginning of their term to consider all proper legislation, would know what they were doing, and therefore do it better. What would be thought of any city council or county board of supervisors which met only during the first four months of a two-year term of office?"

"I stand for state or nationally owned storage reservoirs and state or national control of electricity. The state should permit local municipalities to draw off sufficient water for domestic uses and irrigation purposes. The distribution of electricity should be either by sale to municipalities or to private concerns. That state should retain title to all unused water rights and should never part with them, nor should it part permanently with electrical rights."

"We made lunch room proprietors put in a milk canister in place of a milk with a lower per cent of butter fat, and got the girls to drink it by putting up attractive posters advertising it. The hardest item to replace in the girls' menu was the ice cream. Here again we resorted to psychology and had sandwiches displayed in tempting style, all the while discouraging the eating of ice cream at lunch. Needless to say, the girls do better in their studies on the 'common sense' diet."

DIPHTHERIA SPREAD BY LEAD PENCILS IN MOUTH

SUFFIELD, Conn., Dec. 10.—Lead pencils, distributed and collected every day in the lower grades of the Bridge Street Grammar School, are held responsible for an epidemic of diphtheria among the pupils. Dr. W. E. Caldwell, the town's health physician, ordered the pencils thrown away and forbade the continuance of the custom.

Fifteen of the forty pupils in two rooms have the disease, some of the cases being dangerous. Dr. Caldwell found that nearly all the children put the pencils in their mouths, thus furnishing good carriers for the germs.

MARINES ARE TO ACT AS UNIT

Nation's Having Ships in Mexico Waters Will Jointly Resist Anti-Foreign Attack

FIGHT AT TAMPICO NOW MOMENTARILY EXPECTED

Clash at Calexico Keeps Two Nations Busy—Fight at Ojinaga Near

MEXICO CITY, Dec. 10.—It was learned today that the international marines assembled in the Mexican waters will in the event of an anti-foreign outbreak, be rushed here. American, British and French commanders of the warships at Vera Cruz have agreed to act jointly as they did during the boxer troubles at Peking, according to information gleaned from embassies and consulates here. Mrs. Nelson O'Shaughnessy, wife of the American charge d'affaires, refused today to leave the Mexican capital without her husband.

ATTACK ON TAMPICO IS MOMENTARILY EXPECTED
Reports from Tampico this afternoon state that the federals are expecting momentarily a heavy rebel attack.

CLASH ON BORDER—KETTNER ASKS TROOPS AT CALEXICO
CALEXICO, Dec. 10.—The border is excited today as the result of a clash here last night following the arrest of an American steamer named Harrison on the Mexican side of the border, charged with smuggling, and held under \$2000 bail. A crowd of American seized the first rurales who ventured into Calexico from Mexicali, and caused his arrest on the charge of carrying concealed weapons. The Mexican consul was stopped and driven across the line by Americans with leveled revolvers when he came to the rescue of the official. Both sides wired to their government for instructions.

Mayor Rockwood wired the facts to Representative Kettner and it is understood that he has asked that troops be sent here. The Mexican authorities were persuaded to release Harrison, and the rurales were released on \$200 bail. Harrison's arrest, the Americans allege, is one of many similar ones, the Mexican custom being to arrest on technicalities, release on bail, and then declare the bail forfeited.

OJINAGA FORTIFIED—REBELS CLOSING IN ON THE TOWN

EL PASO, Dec. 10.—General Mercado, federal commander who led the flight from Chihuahua, is entering Ojinaga today. Stragglers of the fugitives are pouring in and there is a fairly strong force here. The rebel force is reported as closing in and a fierce engagement is expected.

GERMAN LEADERS OPPOSE FAIR BILL

Appropriation for Panama Fair Exhibit May Be Vetoed by Federal Council

BERLIN, Dec. 10.—The Reichstag referred to the budget committee the matter of an appropriation by the German government for representation at the San Francisco exposition in 1915 celebrating the completion of the Panama Canal.

Dr. Arndt, Conservative, moved to refer the proposed appropriation to the budget committee. He made the only speech delivered on the matter, strongly opposing the appropriation. It is generally believed that he represented the views of the government, as from reliable authority it has been learned that Chancellor von Bethmann-Hollweg and Foreign Minister Von Jagow bitterly object to the appropriation, and if the bill passes it is believed the federal council will veto it.

SPANISH ROYALTIES ARE CHEERED IN PARIS

PARIS, Dec. 10.—King Alfonso and Queen Victoria of Spain arrived here last night for a short visit. Cheers of enthusiastic crowds at the station indicated that King Alfonso is fast taking the place in the affections of Parisians once occupied by King Edward of England.

ROWLEY DRUG CO. QUALITY DRUGS

C. S. KELLEY, Mgr.

Intermediate H. S. Notes

The entertainment that was given last night by some of the I. H. S. pupils was surely a success in attendance as every seat in the assembly hall at the I. H. S. was occupied. The program was applauded by all and the rosters of the I. H. S. gave many yells to cheer the players. The orchestra played several pieces and Miss Bemis, the music and drawing teacher, deserves much credit for the interest she is taking in the I. H. S. orchestra. It is a ten-piece orchestra and is gradually growing larger. Miss Roberts, the oral expression teacher, also deserves much credit for the way she managed the program.

The assembly hall platform was a stage. It did not have a drop curtain, but it had a sliding curtain. The string method was used in opening and shutting the curtains, and this plan was thought of by Corbush Roehms and Carl Burns. The entertainment committee wants to thank the public of Santa Ana for the way it showed its appreciation of this program by attending. The next play will be given in three or four weeks. The program given last night follows:

Part I—Dawn of Beauty, Orchestra; Holy Night, Class '11; readings, Grace Smiley; Sweet and Low, Class '11, double quartette; readings, Mary Champion; Lullabies; German Lullaby, Grace Smiley; Southern Lullaby, Warren Kingery; Southern Mamma, Ruliz Gonzales; readings, Robert Green.

AMUSEMENTS

"A Girl of the Underworld"
The new dramatic offering entitled "A Girl of the Underworld" is booked to appear at the Grand Opera House on Dec. 12. It is said to be a remarkably strong play. The story, as might be inferred from the title,

girl in a great city. Yet, no description can faithfully convey to the average mind the strength of the story, or the wonderful, yet natural situations the author has devised. It is a wonderful play, free from suggestiveness and presented by a powerful company of real artists. All who see "A Girl of the Underworld" have nothing but praise.

Warm and Comfortable at Clune's
The people who patronized Clune's Santa Ana Theater last evening were delighted with not only a good program of vaudeville acts and moving pictures, but also with a comfortably warm theater. A new heating system has been installed at considerable expense, and the result last evening was indeed appreciated.

REV. SAMSON'S RESIGNATION IS ACCEPTED

Ministerial Association Highly Commends His Work in Santa Ana

Yesterday afternoon the United Presbyterian presbytery accepted the resignation of Rev. W. L. C. Samson as pastor of the United Presbyterian church of Santa Ana. The pastor presented his resignation about a month ago to take effect the middle of this month, after which time he is going to Pittsburg, Pa. Rev. Samson's last sermon here will be preached next Sunday.

The high standing of Rev. Samson among the ministers of the city is shown by the fact that yesterday the Ministerial Association passed the following resolution:

Whereas, It has seen expedient to Rev. W. L. C. Samson after seven years of successful labor to resign the pastorate of the United Presbyterian church of this city, to take effect the 16th day of December, 1913; therefore, be it

Resolved, By the Ministerial Association of Santa Ana, Cal.: (1) That we deeply regret the voluntary removal of the Rev. Samson from his church, from our association and from our city.

(2) That we recognize in Brother Samson a brother beloved in Christ, a noble man of God, a faithful preacher of the gospel, a Christian gentleman with sterling qualities of heart and mind, who has always stood unflinchingly for the highest principles of pure religion and for the purest type of civic righteousness.

(3) That we rejoice and thank God for the large degree of genuine success with which the labor of our dear brother, in the healthy growth of his congregation, in the building of a beautiful and well equipped church edifice in the wielding of a wholesome and growing influence in this city, has been crowned.

(4) That we, one and all, bid Brother Samson and his estimable and efficient wife Godspeed on their journey eastward, that we wish for them an enlarged and congenial pastorate and pray that there may be for them many years of delightful and fruitful labor in the vineyard of the Master and that their lives may be enriched by the merited love and unselfish co-operation of those to whom they may be called upon to minister in the things of God.

(5) That a copy of these resolutions be signed by the members of the association and be presented to the Rev. and Mrs. Samson and be made a part of the minutes of this association.

LONG BEACH REALTY MAN LOCATES HERE

W. E. Place, who has been engaged in the real estate and brokerage business in Long Beach the past five years, has just completed his nine-room house at 505 Orange avenue. As this place is intended for a future home, no modern conveniences have been omitted.

Mr. Place has also been building in Long Beach, in connection with his other interests, and has added many thousands in permits to that fast growing city. He expects to continue building here in connection with his real estate office, which is located at 315 South Main.

CATARRH TROUBLE ENDED—USE HYOMEL

You Breathe It—No Stomach Dosing—Clears the Head

Use nature's remedy for catarrh or cold in the head, one that is harmless yet quick and effective.

It is the healing oils and balsams of Hyomel which you breathe through a small pocket inhaler. This curative and antiseptic air reaches the most remote air cells in the nose, throat and lungs, killing the catarrhal germs and quickly restoring health to the diseased mucous membrane.

Hyomel has benefited so many sufferers of the worst cases of catarrh, with offensive breath, raising of mucus, frequent sneezing, droppings in the throat and spasmodic coughing that it is sold by Rowley Drug Co. with a guarantee to refund the money if it does not do all that is claimed for it. A complete Hyomel outfit, containing inhaler and bottle of liquor, sells for only \$1.00. Extra bottles of liquid, if later needed, 50 cents. Druggists everywhere sell Hyomel.—Advertisement.

FIFTY-FIFTH ANNIVERSARY

Family Reunion Held at Home of Mr. and Mrs. Bolyard Yesterday

(By Staff Correspondent)

ORANGE, Dec. 10.—The fifty-fifth wedding anniversary of Mr. and Mrs. D. Bolyard of this city was the occasion of a family reunion yesterday at their home on South Grand street and Almond avenue. A pleasant gathering of relatives marked the event.

The family group was photographed, after which Mr. and Mrs. Bolyard were snatched for the newspapers. A sumptuous feast was one delightful feature of the day. Those present were Mr. and Mrs. D. Bolyard, Mr. and Mrs. D. W. Keiser and daughter Lela, Mr. and Mrs. T. W. Keiser and sons Vernon and Delbert, Mr. and Mrs. Burley Keiser of Los Angeles, Mr. and Mrs. Oscar Downs, Mrs. Emily Reed and son Roy. Mrs. D. W. Keiser, Mrs. T. J. Keiser and Mrs. Oscar Downs are daughters of Mr. and Mrs. Bolyard. Mrs. E. V. Reed is a niece.

Mr. and Mrs. D. Bolyard were married in West Virginia, December 9, 1858. They have lived in Orange for the last nine years.

Annual election of officers was held last evening by Orange Grove Chapter, F and A. M., at the Masonic hall. The following were elected for the ensuing year: Worshipful Master, George A. Riley; Senior Warden, A. F. Lankford; Junior Warden, C. O. Field; treasurer, C. J. Overshiner; secretary, W. S. Gregg.

A baby girl weighing ten and a half pounds was born at 6 o'clock last evening to Mr. and Mrs. Ray Handy.

G. K. Brandt returned Tuesday morning from a short trip to San Francisco.

Mr. and Mrs. W. H. Deal of Winfield, Iowa, are visiting here with relatives. Mr. Deal is a brother of Mrs. N. B. Spray and Mrs. P. I. Bird.

Mr. and Mrs. A. J. Boulanger welcomed the arrival of a baby boy at their home last night.

J. R. McClure and family are moving from their ranch at McPherson to Orange, locating at 429 South Orange street.

Mr. and Mrs. A. J. Holmes of Tacoma, Washington, are visiting here at the home of their son, B. B. Holmes, of North Glassell street.

E. A. Honey went to Los Angeles this morning to attend a convention of the State Bee-Keepers Association. The W. C. T. U. held a meeting Tuesday afternoon at the home of Mrs. L. W. Hemphill on North Glassell street. The topic was "Crusade Memories," but the time was devoted to present day subjects.

—Round cloths, scalloped, \$1.25 to \$2.50.

—WE ARE GETTING— BOQUETS

from people to whom we sold the Winchester Bicycle. This season still finds it the leading favorite with the best riders, who pronounce it absolutely matchless in grace of design and perfection of construction. Every known improvement has been added to its equipment, and they could not be made better if the price was \$500 instead of \$30.

Ladies and Gentlemen:

Those that pay cash for their goods get the very lowest prices. I have the goods, everything for the bicycle. I do first-class repairing and guarantee same. Have new and second-hand wheels for sale at all prices.

BOOK REVIEW CLUB

Entertained at Home of Mrs. Fyfe—"The Amateur Gentleman" Was Book Reviewed

The Book Review Section of the Ebell Club met last evening with Mrs. Ella Fyfe at her home on French street, and on arrival had the pleasure of meeting and greeting Mr. and Mrs. Wm. Allen Smith, Jr., who are guests of Mrs. Fyfe.

The section having become so popular as to much increase the waiting list, a motion was made to increase the membership to fifty-five and have that the limit for the club year, which motion carried. It was also moved and carried that two consecutive unexcused absences work a forfeiture of membership until restored.

The book entitled "The Amateur Gentleman," by Jeffrey Farnol, was then reviewed by A. J. Perkins, who first spoke of the author as being a young Englishman who married an American wife and endeavored in New York to gain literary success; he was unable to find a publisher there for the "Broad Highway" and after four years of disappointment submitted the manuscript to the English publishers of "Lorna Doone," by whom it was brought out and became a wonderful success, some 140,000 copies being sold.

He next published "The Amateur Gentleman," a more finished product, which he took two years to write. It is a tale of love and adventure at the beginning of the nineteenth century, abounding in incident and with an engaging plot.

The book contains many fine descriptions of scenes in the county of Kent, which is now the author's home, and alternately deals with them and others in the neighboring city of London.

It seems to have been the author's aim to tell us what in his opinion are the qualities of mind and heart that make the true gentleman, and contrasts therewith faults and vices that at the time of the novel characterized many so-called "gentlemen."

The hero, Barnabas Barty, the son of an inn keeper and retired pugilist, who was formerly the "Champion of England," falls heir to a fortune of £700,000 and determines to go to London and become a member of the fashionable world.

In his desire to do the correct thing as a gentleman, he questions all his acquaintances, as he makes them, concerning what goes to make the gentleman, and receives widely varying definitions.

One says it is correct dressing, another rank, another wealth, while all the time our hero is defining it in his life by disinterested courtesy and kindness, by bravery and magnanimity, and a keen sense of honor.

On the way to London and after his arrival he is quick to make friends both from the humbler walks of life and from the nobility. He learns that to gain entrance to the fashionable world notoriety is a key and he achieves this by buying a vicious horse which nobody can ride, subduing him and winning the gentleman's steeplechase.

The description of this race, like the chariot race in "Ben Hur," is most thrilling and abounds with excitement and mishaps.

In the midst of popularity the hero's sudden social fall is brought about by his openly acknowledging his plebeian father before the dinner party assembled in his honor.

Deserted by the fashionable crowd he learns who are his true friends and goes back to the country, to his father and to marry one who esteems him for himself.

Introduced in the story is a fine description of the battle of Trafalgar by a veteran sailor, as well as some incidents of the storming of Ciudad Rodrigo in the Peninsular war; also reflections of life in the streets of London when footpads were as plentiful as men of fashion, while many of the minor characters remind us of those of Dickens.

The next book to be reviewed is "American Nobility," by Pierre De Coulevain, and the reviewer will be Mrs. Ella Fyfe.

The style, fit and elegance of our ladies' suits cannot be excelled. S. Blumfield, 113 E. Fifth Street.

ENTERTAINED OFFICERS

Past Patron McCormac Host to Assisting Officers of Hermosa Chapter

Assisted by his wife, who is a charming hostess, Prof. J. W. McCormac, Past Patron of Hermosa Chapter, O. E. S., last night entertained the officers who had served with him during his incumbency in the past year. The husbands of the married officers were also guests. The lovely McCormac home was made doubly attractive by exquisite pink carnations and cream roses used abundantly in vases from which they nodded in beauty.

Partners for a geographical and literary contest were chosen by the matching of cards, those given to the ladies bearing the feminine name of some famous couple such as "Rachel and Jacob," "Ruth and Boaz," and so on through a long list. The gentlemen's card bore the corresponding masculine names. The contest proved interesting and spirited.

An elaborate two-course luncheon was served on small tables adorned with carnations or roses in vases. While seated at the tables at the close of the collation, toasts were responded to by Mrs. Cavins, present Worthy Matron of Hermosa Chapter; Judge Thomas, Howard Wassum, H. C. Kellogg, Arthur Pease, Mrs. Frank Worden, Miss Crookshank and Mrs. C. F. Crose. Mrs. Halstead, mother of Mrs. McCormac, then sang sweetly that old familiar ballad, "Tis But a Little Faded Flower," Mrs. McCormac accompanying her.

The guests of the evening were Mrs. Cora Cavins, Mr. and Mrs. P. L. Tope, Mr. and Mrs. Arthur Pease, Mr. and Mrs. W. W. Cleveland, Mr. and Mrs. Frank Worden, Mr. and Mrs. C. F. Crose, Mr. and Mrs. H. C. Kellogg, Judge and Mrs. W. H. Thomas, Mr. and Mrs. Howard Wassum, Mr. and Mrs. David Mayers; Mrs. G. A. Whidden, Mrs. Alice Tubbs, Mrs. Ella Benedict, Mrs. G. H. Dobson, Miss Whitson, Miss Alice Trickey.

W. C. T. U. Peace Meeting
The W. C. T. U. met yesterday afternoon at the home of Mrs. C. W. Burns, 451 West Sixth street. Mrs. Mariatt led very appropriate devotional services relating to "Peace on Earth." Mrs. Ludwig and Mrs. Thomas sang a duet. They were accompanied by Mrs. Post.

A number of ladies have been circulating petitions for the Dry Campaign Federation for 1914, and any who have not completed their lists are asked to call up Mrs. E. B. Norman and find out what parts of the city have not been solicited for signatures, that each district may be reached. When the petitions are ready to be sent in they should be sent to the county clerk as soon as possible that they may be forwarded to the proper place in Los Angeles. Every person who has been registered and who favors the Dry Campaign for 1914 should see that his or her name is on a petition.

Mrs. L. H. Mills, who has just returned from a trip east and who attended the world's and national W. C. T. U. conventions, was present and gave a very interesting account of the trip and incidents relating to the convention. At the next meeting Mrs. Mills will give a report of the national convention, which was held at Asbury Park.

The next meeting of the local union will be held Jan. 13 at the home of Mrs. W. B. Tedford, North Broadway.

At Fifth Street School
The Fifth street Parent-Teacher Association will meet Thursday afternoon at 3:15.

The meeting will be an informal one and Mrs. Whitney, kindergarten and primary supervisor, will talk to the parents upon the "Needs of the Fifth Street School."

A large attendance is desired and all the mothers are urged to be present. Light refreshments will be served.

Elks to Dance

An informal dance will be held at Elks Hall on Friday evening, for members only. Members of the lodge and their ladies are invited to be present and "trip the light fantastic toe."

SUNSET CLUB ELECTS

Carey R. Smith Chosen President for Fourteenth Time; W. F. Lutz is Secretary

Turkey, cooked to the queen's taste, was the chief article on a splendid menu served at the Sunset Club rooms last night at 6:30 o'clock. The occasion was the annual election of officers, and while that event brought out no contests it was used as an excuse for a social gathering for the members of the popular club.

The club has now been in existence for fourteen years. Last night Carey R. Smith was elected president for the thirteenth time. O. M. Robbins, secretary of the club, declined reelection, and Wm. F. Lutz was chosen in his place. The directors elected were: Carey R. Smith, president; A. J. Visel, vice-president; John Cubbon, C. F. Mansur, C. E. Parker, E. L. Morrison, L. P. Hickox.

The committees are: Finance Committee—Dr. Whitson, G. W. Minter, Dr. Boyd. House Committee—C. E. Parker, J. O. Burbank, G. E. Norton. Entertainment Committee—C. J. Woodford, Geo. E. Peters, L. L. Shaw.

At the Smart Home
The Misses Smart were hostesses last night at the regular meeting of the Young Ladies Society of the United Presbyterian church, twenty-five young ladies assembled at the North Main street home of Mr. and Mrs. William Smart.

The evening was spent pleasantly in chat over dainty fancy work that is engaging the attention of every one of the young women in these pre-holiday times. The evening was entirely informal and was closed with the serving of dainty refreshments.

Tustin W. C. T. U.
The Tustin W. C. T. U. will meet tomorrow afternoon at the home of Mrs. Ebel. All the members are asked to be present.

Meeting Postponed
The Parliamentary Section will not hold its regular meeting on Thursday but will postpone it to the second Thursday in January.

Cercle Francais
The Cercle Francais of the High School held a soiree Tuesday evening at the hospitable Yarnell home, corner of Fourth and Ross streets. The formal program consisted of a story by Lillian Walker; music by Linna Yarnell and a reading by Louise Grubb.

French songs were practiced by the club and games were played to test the skill and knowledge of the members. The "grand prix"—a book of French poetry and prose—was awarded to Lillian Walker by the umpire, Mr. Hammond. Dainty refreshments were served in the dining room, which was prettily decorated with roses.

Those present were: Lillian Walker, Irene Jacques, Louise Grubb, Linna Yarnell, Annis Jewell, Emma Planchon, Irene Griss, Esther Arnaud, Henry Arnaud and Mr. Hammond.

At Jefferson School
The Parent-Teacher Association of the Jefferson School will meet Thursday afternoon at 3 o'clock. A large attendance is desired.

Noted Speaker Coming
James S. McGaw, D. D., will address a union meeting of all the churches Sabbath evening in the First Methodist church, Santa Ana. Dr. McGaw is field secretary of the National Reform Association, is an able speaker and his message is of nation-wide importance.

Rev. Tucker Conducts Meetings
The meetings that are being held here in connection with the work of the Bible Institute of Los Angeles, are proving very interesting. They are being held at the Immanuel Baptist church and were addressed yesterday afternoon and evening by Dr. W. Leon Tucker of Los Angeles. He also addressed the meeting of this afternoon and will speak again tonight and tomorrow afternoon. His addresses are making a deep impression and all are urged to be present and receive their benefits.

Christmas-Giving
There will be a meeting of the McKinley Parent-Teacher Association tomorrow afternoon at 3 o'clock sharp in the kindergarten building on West Third street.

There will be an interesting program and an address by Prof. Cranston. Also a round-table discussion on the subject of "Christmas Giving." Refreshments will be served and each mother is requested to bring her cup at this time.

All interested friends are cordially invited and will always find a welcome at these meetings.

Fathers' Meeting
The first fathers' meeting of the Roosevelt Parent-Teacher Association was held last night in the kindergarten.

ten room at Roosevelt school. Prof. Emory Ratcliffe gave an address on "The Boy and the Gang." Rev. Paul Wright gave an address on "The Girl and the Home." These talks, which were informal in character, gave much pleasure and were profitable to the listeners.

The Question Box was deferred until the next meeting, and the social hour was introduced by the serving of appetizing refreshments. During the enjoyment of these the parents devoted themselves to getting acquainted. The evening ended successfully and a similar one in the future would be greeted with favor.

Literature Section
This section of the Ebell Society met yesterday afternoon with Mrs. Albert M. Shaw, in regular meeting, at her Barton street home. The afternoon was given over to Mark Twain, the best beloved of American humorists.

A paper on the life of the man who was able to handle pathos almost as successfully as humor, was read by Miss Beulah May in a paper she had prepared. Mrs. Wassum supplemented this with readings from Mark Twain's writings. The meeting was a very enjoyable one.

Students' Musicales
Another of the Orange County Conservatory of Music student recitals, which are given with such frequency and invariably before an appreciative audience of friends and patrons of that progressive institution, was held on Saturday afternoon at the Conservatory.

The pupils taking part this time were from those under Mr. Fraser's tuition. Their work without exception revealed the painstaking and capable efforts of their teacher and the superior methods employed in the Conservatory as a school. Particular notice was taken of the feature of tone quality and expression which were never sacrificed for mere technical display.

The selection of the numbers given showed careful thought, not only in their adaptability to the pupils' special needs, but in their genuine musical worth and quality.

The pupils having one or more numbers on the program were as follows: Alice Saunby, Greta Coulson, Leah Sebastian, Marian Scudder, Neva Armstrong, Ada M. Sharpless, Claudine Meyer, Mildred Murphy, Darold Meyer, John and Waldo Wehrly, Kenneth Coulson.

New Officers Chosen

The election of officers of the Lady Macabees was held last night with the following result: Docia Jasper, Lady Commander; Jennie Beckman, Lady Lieutenant Commander; Mary Miller, Chaplain; Eliza Hostie, Financial Auditor; Helene Galbraith, Record Keeper; Abbie J. Elm, Lady at Arms; Dorra Spangler, Sergeant; Lucinda Hamilton, Sentinel; Laura Moye, Picket; Sophie Titus, Official Prompter; Laurence Stawson, Musical; Mary Squires, Captain of Guards.

Celebrated Anniversary

The Tustin Twelve, the successful club of which many of the members live in Santa Ana, was charmingly entertained yesterday afternoon in the gold room at Taylor's, where a most elaborate three-course, 5 o'clock dinner was given by Mrs. Ellis Smith.

The dinner followed a matinee party at Clune's earlier in the afternoon with Mrs. Smith as hostess, and the entire delightful affair was in celebration of the second anniversary of the founding of the club by Mrs. Smith. The club has had a successful existence, every one of its meetings having been one to be remembered pleasantly.

A Christmas decorative scheme was carried out with holly and red shades, while the electric lights glowed rosy through red-tinted shades. On the place cards were Christmas designs. The elaborate dinner was served in three courses and covers were laid for every member of the club excepting one unavoidably detained from being present.

Those around the handsome appointed table were Mesdames Ellis Smith, B. F. Nimmo, Albert Fuller, Fred Poole, S. House, George Polard, E. J. Cranston, C. O. Artz, Arthur Hofer, J. C. Stearns, Fred Moorhead.

FARM EXTENSION WORK PLAN MEETS APPROVAL

WASHINGTON, Dec. 10.—Unanimous approval was given by the senate committee on agriculture yesterday to the bill by Senator Hoke Smith of Georgia, for a system of agricultural extension work.

The measure would unite the federal agricultural department and the state colleges in a plan for carrying information to the public. An original appropriation of \$480,000, to be increased yearly until it amounts to nearly \$3,500,000 is proposed.

THAW'S SANITY MUST BE RULED ON IN U. S. COURT

MINERS AT WORK BUT LOPEZ IS UNDISCOVERED

BINGHAM, Utah, Dec. 10.—Although miners worked yesterday without fear of being harmed in parts of the Utah-Apex mine, no sheriff or deputy was allowed to penetrate the tunnels in search of Ralph Lopez, slayer of six men. Sheriff Smith believes that Lopez has not succumbed to gases generated to kill him.

The sheriffs decided to guard the exits until Lopez is starved out or until no doubt remains that he is dead or has escaped. Then the mine will be searched.

AT THE COURT HOUSE

GOING TO TEST SIGNATURE IN COURT

Another Suit is Begun Following Ed. McKinsey's Departure

There is still another case added to those that the superior court will have to try as a result of the doings and misdoings of Edward McKinsey. When McKinsey dug out of this section he left a good many unpaid bills, a mortgage and several unsecured notes, some of which are recognized as forgeries. He also left a legacy of necessary court actions. His departure was not a bad thing for the lawyers.

McKinsey in his horse trades and other trades used a number of notes to which the name of Mrs. Mary J. Neill was signed. Mrs. Neill denies that she signed her name at a number of places where it appears, and some of the signatures are recognized as forgeries. At least three court actions have been begun, and today a fourth was added when L. P. Hendrickson brought suit on a \$600 note signed on April 4, 1912. Ed. McKinsey's name and the name of his wife, G. E. McKinsey, who disappeared at the same time McKinsey disappeared, are to the note, and also the name of Mrs. Neill. Scarborough & Forgy are attorneys for the plaintiff.

For Non-Suit

G. W. Schindeldecker of Anaheim may win his case without putting on any testimony. Yesterday afternoon after attorney for P. L. Luccia of Los Angeles had put on its evidence, Attorneys Wessel & Dutton of Anaheim moved that a non-suit be granted on the ground that the plaintiff had failed to establish its case. Judge Thomas seemed inclined to grant the motion, but concluded to allow the argument on the point to be submitted on briefs. Luccia asked \$2500 damages for the disfigurement of his wife's face when she was thrown through the windshield of Cuccia's automobile in a collision of that machine and Schindeldecker's at Whittier. Schindeldecker asked \$1000 judgment for damage done to his automobile.

IN THE JUSTICE'S COURT

ATTACHED AUTO IS RELEASED BY COURT

This morning Justice Cox ordered an automobile attached by Sheriff Ruddock released. Attachment was levied on an execution issued from Santa Clara county in an action in which E. V. Burke was plaintiff and Dr. C. W. Harvey of Anaheim one of four defendants, and judgment was for \$631.50. Mrs. Harvey brought suit for release on the ground that the automobile belonged to her, and the justice found that to be the case. Attorney Tipton appeared for the woman and Attorney Reinhaus for the sheriff.

Charge Larceny

M. R. Knoller swore to a complaint today charging Carmen Sara with stealing a sweater from his store. Constable Jackson caught Sara and another shoplifter.

Weapons Men

Bacilio Gutierrez has been arrested by Constable Schumacher on a charge of carrying a knife. The Mexican fought to keep Schumacher from getting possession of the weapon, but failed.

Under Sheriff Law swore to a complaint charging Ramon Ayalla with carrying a revolver.

OFFICERS ARE ENTERTAINED

(By Staff Correspondent.)

ORANGE, Dec. 10.—Mrs. Hardy B. Robertson, worthy Matron of Scouter Chapter, Eastern Star, entertained the officers of her staff yesterday afternoon at her home on North Orange street. Red roses in one room and pink roses in another formed a pretty decorative scheme. Social pastimes filled the afternoon, while each guest was presented with a pretty souvenir from the hostess.

Lunch was served in three courses: Chicken sandwiches, olives, coffee, pineapple whip, cake and after dinner mints formed the menu. Those present were: Mrs. E. J. Brown, Mrs. Louise Bradshaw, Mrs. M. B. Thompson, Mrs. J. L. Kneisel, Mrs. W. A. Heald, Mrs. E. B. Peere, Mrs. John F. Richards, Mrs. G. G. Richards, Mrs. R. S. Price, Mrs. W. S. Bralisher, Mrs. W. B. Dennis, Mrs. C. O. Field, Mrs. A. L. Hitchcock, Mrs. Adeline Field.

The sewing circle will be entertained this evening by Mr. and Mrs. H. M. Hilyard at their home in Nutwood Place.

The First Degree team of the Orange lodge of Odd Fellows won a contest over the Anaheim drill team last evening at Anaheim. The contest was for exemplifying degree work and the three judges were selected from Los Angeles. Orange was the winner by a margin of about forty-nine points. Orange was beaten by Anaheim in the last contest by two points and last night's victory was received with much rejoicing. The Orange Odd Fellows and Rebekahs both now hold the county banners for exemplifying degree work.

Mr. and Mrs. M. Gatlin who have been spending the last four and one-half months in Orange, left yesterday for Tucson, Arizona in their automobile. They have been living on North Lemon street, but are going back to Arizona on account of Mr. Gatlin's health.

Arthur Boyd of Sandwich, Illinois, arrived Saturday to spend the winter with his sister, Mrs. Ira Stolp and family on C street.

Mrs. John McFadden, Mrs. Archie McFadden, Mrs. Sarah Walker, and Mrs. Hutchinson, all of Santa Ana, were visitors at the John Johnston home in El Modena Monday.

WILL DELIVER ADDRESS THROUGH 600 PHONES

WASHINGTON, Dec. 10.—President Wilson will remain in Washington today, but this evening he will deliver an address to the 600 members of the Rochester Chamber of Commerce, who hold their annual banquet there tonight. The president, seated at his desk in the executive offices, will talk into a telephone which will be connected with 600 telephones placed about the Rochester banquet board. This is the first time the president has attempted such an experiment, and he only did it after much pleading by United States Senator O'Gorman, after he had found it impossible through press of business to attend the banquet in person.

ASKING BIDS ON TWO PAVING JOBS

Nearly Eight Miles More Roads Ready for Work by Contractors

BENSON SECURES NEWPORT CONTRACT

Highway Commission Considers Him the Lowest Responsible Bidder

Two more sections of Orange county's system of good roads are ready for contracts. Yesterday afternoon on the recommendation of the County Highway Commission, the Board of Supervisors set Dec. 23 as the time for receiving bids for the construction of what are known as the Garden Grove road and section No. 1 of the Anaheim-Stanton-Cypress road, these to be one job, and section 1 of the Riverside road.

The first job referred to above comprises six miles of road beginning at the west end of West Fifth street, running directly north through Garden Grove to the county road running west of Anaheim, and also that section of the Anaheim-Stanton-Cypress road that lies between the west city limits of Anaheim and what was the east city limits of Stanton. The section between Anaheim and Stanton is 1.25 miles.

The second job comprises the fraction of a mile of road on West Chapman street lying between the north

end of North Main street and Batavia street at the west city limits of Orange.

The Riverside road lies between West Orange and the county line in the Santa Ana canyon, and for the convenience of designating the road, the commissioners have divided the job into five sections. Section 1 is that in West Orange between Main street and Batavia street. Section 2 lies between Orange and Olive, which section is now being built. Section 3 lies between Olive and Peralta, section 4 between Peralta and Gypsum Wash, and section 5, a contract for which is to be let soon, between Gypsum Wash and the county line. Sections 3 and 4 are not yet ready for contract.

Benson Gets Job
Yesterday the Highway Commission recommended to the Board of Supervisors that the contract for paving about four miles of road on the Newport Beach road, being four miles immediately this side of Newport Beach, be let to George S. Benson & Sons, which firm is building the Tustin-Orange road. The Benson bid was \$18,277.72. There was one bid lower by \$286, from Taylor & Berliner. The commission was not familiar with the work of this firm, and it was thoroughly satisfied with the Benson work done in this county, and for that reason it recommended that Benson be given the job. The Board of Supervisors acted favorably upon the recommendation, and the contract was awarded to the Benson firm.

Road Is Accepted
The Highway Commission recommended that the county accept the Orangethorpe road, the first of the highway system roads to be completed. The road was inspected last Saturday by the commissioners and Supervisors Leek and Struck, and all of them favored accepting the road. A motion to formally accept it was carried by the supervisors.

Deed Is Accepted
There was a conference yesterday between the commission, supervisors and James Irvine in regard to a deed to a right-of-way for the necessary changes to be made in the road up the Santa Ana canyon over land belonging to the Irvine Co. After the conference the Board of Supervisors accepted the deed and ordered it recorded.

Other Matters
The supervisors yesterday granted the application of the Red Hill Water Co. to lay 2000 feet of pipe along Seventeenth street west of Newport road.

Supervisor Talbert was authorized to spend in excess of \$300 in work on roads in the Los Alamitos district.

The supervisors adjourned to Dec. 16.

Ordinance Prepared
Yesterday Deputy District Attorney Koepsel read to the supervisors the ordinance prepared by the district attorney's office in response to the instructions of the supervisors, to regulate fumigation and spraying of citrus fruit trees. The ordinance will be passed on Dec. 16. It provides that fumigators and sprayers must be licensed. Their apparatus must be examined and passed upon favorably by the horticultural commissioner before a license is issued. It is the duty of the horticultural commissioner to inspect outfits at least once a month. Each fumigator and sprayer must report once a month to the commissioner, giving the ownership of orchards, and the number of trees fumigated, as well as the dosage for the trees. The license shall cost \$2 a year. Violation of the ordinance will be a misdemeanor, punishable by a fine of not over \$300 or by not over ninety days in jail.

PLAN MEMORIAL FOR PROFESSOR

JACKSONVILLE, Ill., Dec. 10.—Led by Professor Edward Capps, head of the Greek department of Princeton University, educators of half a dozen states today are planning a memorial to Professor Harold Whitestone Johnson, late of the department of Latin of Indiana University, and head of the "Big Eight" University Athletic conference. The proposal is to establish a memorial at Indiana University, where Johnson was instructor in Latin for 17 years, and at Illinois College, here, where he was similarly engaged for 18 years previous.

The memorial will consist of foundations bearing Professor Johnson's name, the income from which shall be used for the purchase of classical books, each book to be appropriately marked; and also a commemorative tablet at each institution.

Promoters of the memorial plan include Secretary of State William Jennings Bryan, Professor Edward Capps of Princeton University; J. P. Downing of Kansas City; Edward F. Goltra of St. Louis; George W. Covert of Quincy, Ill.; Dr. C. H. Rammekamp, president of Illinois College; Dr. J. R. Harker, president of the Illinois Woman's College, of Jacksonville; Andrew Russell, ex-secretary of state, of Jacksonville; R. H. Tanner of Denver; Bishop T. N. Morrison of Davenport, Iowa; George H. Wilson of Quincy, Ill.; Hugh Monroe Wilson, of New York City; and ex-Governor Richard Yates of Springfield, Ill.

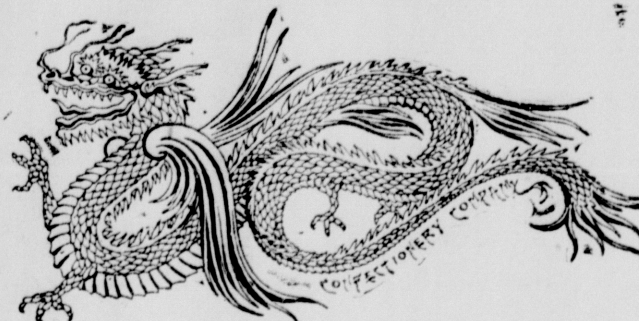

With the exception of President Rammekamp, all these are alumni of Illinois College during the years Professor Johnson was connected with the school. In all more than 50 prominent alumni have joined in the memorial.

THE NEW "SIX"

A NEW CAR WITH A NEW MOTOR

Flexible as Steam Silent as Electricity
Vibrationless as the Turbine

These three things makers of gasoline motors have sought for years. Some have secured silence, but at the expense of power. Others have obtained smoothness at the cost of efficiency. A few days sought flexibility through supplementary gearing.

You get all three in the new "Six," without sacrifice of power—with no loss of efficiency—without aid of extra gearing.

THE FLEXIBILITY OF STEAM

With the new "Six," you can do nearly everything on high gear. You can idle down to a tortoise crawl in a crowd and at the touch of the throttle be off like a thoroughbred without touching the gear lever.

And the motor does it all. The six cylinders draw gas equally from a superheated reservoir. The valves are bigger and open 40 per cent wider than common. They can't hold back the gas as it rushes triple-heated from the carburetor.

This unchecked stream of power is responsible to the slightest touch of the throttle. It gives a flexibility equalled only by the steam engine.

The Smoothness of the Turbine

Vibration means the moving parts of your motor are overweight or a trifle out of balance.

By using highest grade materials made in a new way, the pistons and connecting rods are made 40 per cent lighter than common. They are balanced on a delicate scale.

The six cylinders of this master motor give a continuous push to the pistons. There is no interval between explosions.

Salient Features of the New Chalmers "Six"

Six-cylinder motor—T-head type 4 in. x 5 1/2 in.; 40-65 h. p. All moving parts encased.

Bosch magneto.

Electric starter—Entz System, built in Chalmers shops.

Non-stallable motor.

Full electric lights—Our powerful headlights also contain auxiliary lamps of moderate power for city driving.

132-inch wheel base.

Molded oval fenders.

Gasoline tank and tire carrier on rear — Clean running boards.

Left drive and center control—Enter from either side.

36x4 1/2-inch tires and Continental demountable rims.

Four forward speed transmission.

Underslung rear springs—Main leaf of vanadium steel.

Tapered bonnet and stream line, bell backed body.

Chalmers patented doors.

Full equipment—Including Chalmers silk mohair top, quick acting storm curtains, Warner speedometer, one extra demountable rim, electric horn, pump, tools, etc.

This gives unequalled smoothness and economy. It gives a luxury of motion unsurpassed by the highest priced foreign cars. This is the result of a good six-cylinder motor and cannot be obtained in any other way.

Silence That Saves

The noisy, wedge-like cams still so widely used, have been discarded; in this car big oval cams lift the valves and slide them shut without a sound. So even at high speed the new "Six" runs with the silence of sailing.

But this silence has a deeper meaning than the bliss of quiet riding. It signifies no friction—no wear—no waste. It means renewal and upkeep costs cut almost to nothing. The new "Six" proves that luxury and economy can go together.

The Chalmers Standard Road Test

We invite you to ride in the new "Six." We want you to feel the ready response of its supple power—the luxury of motion—the charm of its beauty.

In that way only can you really know the merits of this car—the joy of its possession. The Chalmers Standard Road Test is for that purpose. It puts you under no obligation.

JACK FROST, BEWARE! 2,000,000 SMUDGE POTS TO BLISTER YOU

Los Angeles Tribune: If Jack Frost lowers his chilly hand on Southern California this winter, his fingers will be burned by 2,000,000 smudge pots which the citrus growers have already, according to freight traffic officials,

And still the heaters are coming from the eastern manufacturers, for telegrams yesterday announced that 40 carloads containing 160,000 heaters are on their way to points in Southern California. Vast quantities of oil have been stored in concrete reservoirs and iron tanks in the citrus region as reserve supplies and every day a few more carloads of the fuel are shipped from Los Angeles, El Se-

gundo and other oil points to the orchard regions. More than 500,000 smudge pots have been manufactured in and about Los Angeles, but most of the heaters have come from the east.

GOVERNMENT EXPERT SEEKS A SUBSTITUTE

Temperature is the most important consideration in successful bread baking, according to Miss Hannah Wessling, the government's bread expert. She says that the oven should be at 86 degrees and that this should be determined by the thermometer. Miss Wessling is now engaged in a hunt for a successful substitute for flour. Bananas, she declares, may in time solve the substitution problem. While she believes strongly in bread made from entire wheat or graham flour, she says that it is impossible to give them the lightness that is desired.

A MILLION FOR VALENCIA CROP

Great Increase in Local
Specialty Shown in Past
Few Years

East of the River Growers
Boast Fine Dis-
trict

Orange News: "The Million-Dollar Valencia District" is the title to which this section has the right to lay claim as a result of the 1913 season, since Valencia during the past season have brought in considerably in excess of \$1,000,000 to the growers of the Olive, Villa Park, McPherson, El Modena, Orange and Tustin district.

The complete returns of the 1913 crop year of the Orange County Fruit Exchange has been announced. The crop year does not coincide exactly with the fiscal year which ends August 31, after which date considerable shipments of Valencia were made. The crop year on lemons is from November 1 to November 1. The total returns on the crop marketed through the Orange County Fruit Exchange (formerly the Sunset), including navel, Valencia, Sweets, lemons and miscellaneous varieties, was near the \$2,000,000 mark, being \$1,812,845.50.

The following table shows the number of boxes, average per box and total returns of the Exchange crop. Navel, Valencia, Sweets, miscellaneous and lemons are listed in order:

	Boxes	Returns
Ave.	147,200	\$ 302,740.69
3,539	311,810	1,103,607.12
2,495	15,265	38,082.38
2,265	2,188	4,956.91
5,303	67,407	357,459.00
\$3,333	543,870	\$1,812,845.50

An interesting comparison, showing the advance in this district of the Valencia, is given by a review of the seasons of 1908-9 and of 1912-13, showing the kinds of fruit handled by the Sunset Exchange and the percentage of each:

	Season 1908-9	Season 1912-13
	per cent.	per cent.
Navel	45	27
Valencia	33	56
Sweets and miscel- laneous	12	3
Lemons	10	14

BOY'S ANKLES ARE SEVERELY INJURED

ANAHEIM, Dec. 10.—Percy Swope, a young high school student, was seriously injured when a grandstand which several boys were attempting to move to another part of the school grounds, slipped from the rollers and pinned young Swope underneath. Quick work on the part of his companions released the boy when it was discovered that both ankles were crushed. Percy is the younger brother of C. L. and L. W. Swope of this city.

AZUSA CITIZENS INVESTIGATE ANAHEIM MUNICIPAL WATER AND ELECTRIC LIGHT SYSTEM

Delegation of Twenty-five Study City's
Equipment With Idea of Voting
Bonds for a Similar System

(FROM THE ANAHEIM DAILY HERALD)

A delegation of 25 citizens from Azusa was in Anaheim yesterday inspecting the water and electric lighting system in this city. The party included the city trustees and other city officials, as well as private citizens, and newspaper representatives.

The city of Azusa is planning to call a bond election to build an electric generating plant and put in a larger water system than it now has. The city is now being supplied with electricity by the Pacific Light & Power Company. Azusa is at present getting a rate on electricity of eight cents, which is graduated down to four and two cents during the hours when there is not so much use for it. They maintain, however, that the company should give them a lower rate as it does to other cities near them, and threaten to put up the municipal plant if the better rate is not given. For this purpose, this trip of investigation was made to find out the cost of construction, maintenance, rates, etc., of putting in such a plant. While the city of Azusa has been getting a rate of eight cents from the

power company, Anaheim pays a rate of 10 cents by having the municipal plant. A member of the delegation said, however, that they expected to beat the eight-cent rate by putting in a municipal plant. He did not make it clear, nevertheless, why his city could beat eight cents, when it costs the citizens of Anaheim 10 cents to generate their own electricity.

Azusa has a much better water rate also at present than this city. Where they pay 75 cents for 1600 feet of water, this city from its municipal plant pays \$1 for 750 feet. The reason for this difference can easily be understood, however, because that city takes a great deal of its water from the San Gabriel river, and so the cost of raising the water is not nearly so great as it is here, where it is necessary to raise all the water from deep wells.

The delegation made the trip by automobile, and besides Anaheim will also visit Fullerton and Glendale. They were highly pleased with this section and spent considerable time at the power house looking over the plant and equipment.

WHAT IS DOING ABROAD

(By Ed. L. Keen, London Correspondent United Press)

LONDON, Dec. 9.—The most democratic army in the world! It may be a slight exaggeration, but there appears to be at least tangible basis for this proud boast, made by the Home Rule leaders of the North of Ireland on behalf of the Ulster Volunteer force.

Information reaching the United Press from various sections of the unaffected province indicate that class distinctions, which hitherto have always been exceptionally marked in Ireland, have been all but obliterated in the organization and military instruction of the 88,000 men who are pledged to fight to the death against the enforcement of the proposed Dublin parliament.

Merchants and manufacturers, farmers and day-laborers, lawyers and doctors, preachers and parishioners are to be found serving side by side in the ranks. In many cases employees have been set over employers in command of companies; tenants drill their landlords, and sections issue orders to their vicars. Among the 200 officers and section leaders of the County Tyrone division who attended the first camp of instruction held on the Baroncourt estates of the Duke of Abercorn there were 155 farmers, 31 day laborers, 10 manufacturers, seven clergymen (four of the Church of Ireland and three presbyterian), five merchants, five clerks, five carpenters, four engi-

neers, three tailors, and three chauffeurs, while the rest represented a score of other professions and occupations.

The Tyrone Volunteers are typical of the rest of Ulster, both in personnel and system of organization, although the number of recruits is not so large as in some of the other counties, Tyrone's population being about equally divided between Unionists and Nationalists. The total enrollment in Tyrone is 6000, organized in five battalions and distributed among 88 drill centers. Each center elects its own section leader by ballot, and the section leaders choose the section officers who in turn elect the battalion commanders. During their visit with the Duke of Abercorn, who is colonel of the regiment, the Tyrone officers and section leaders received general drill and rifle

instruction from commissioned and non-commissioned officers of the regular British army, both active and retired, under the direction of Lieutenant General Sir George Richardson, commander-in-chief of the Ulster Volunteer Force, and who is still on the active list of His Majesty's army.

The drilling and target work was done quite openly. The Duke, however, had taken the precaution to get from a couple of the local justices of the peace a formal permit for the use of his rifle range for this purpose, so that the encampment could not be prescribed as an illegal assemblage. The justices, needless to say, are anti-Home Rulers.

The Duke's guests have now dispersed to their homes, prepared to whip the recruits into shape during the winter months. Similar camps of instruction are to be conducted throughout all of the Ulster provinces.

Meantime, while training their army, the Ulster leaders continue to work secretly importing and distributing arms and ammunition. They claim now to have sufficient numbers of modern rifles to supply nearly all of the force thus far recruited, and expect soon to have 100,000.

Only last week 3000 rifles were received in Belfast in the guise of hardware and were taken to secret destinations within an hour of their arrival.

English folks are beginning to wonder whether their King and Queen are getting hard up, and if so why. News comes from Eton, where young Prince Henry is attending school, that his weekly allowance of spending money was recently cut from \$1.50 to \$1.25. One explanation is that, instead of indicating increasing parsimony on the part of his royal parents, this step was taken as a measure of discipline.

The story is that Henry had been detected selling his father's and mother's letters to autograph hunters among his fellow students. No such reasonable excuse, however, has yet been advanced for the Queen's action in having nine of her old evening gowns cut down for Princess Mary, and the intimation conveyed on behalf of Her Majesty that she would expect the dressmaker in presenting her bill to take into consideration the wholesale character of the order.

MARTIN AND MOTHER IN NEW FLIGHT, IS PLAN

POMONA, Dec. 10.—Definite word was received in this city today, that Glenn L. Martin, aviator, would fly in his airship to this city next Friday morning from Santa Ana or Los Angeles, arriving on the site of the proposed Pomona speedway between 11 and 12 o'clock. Rumors were current in this city today that Mr. Martin would bring his mother with him as a passenger.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

Made from Fruit—Can't Harm Tender Stomach, Liver and Bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, does not sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages, and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

Chispa Chapter No. 151, Order of the Eastern Star, held installation of officers Monday evening, December 8. Mrs. Minnie Hiner of Los Angeles, grand worthy matron, acted as installing officer, assisted by Mrs. Ethel Chamberlain, retiring marshal of the local chapter. Following are the officers installed:

Worthy matron, Mrs. Kate Quanton; worthy patron, W. H. Rockwell; associate matron, Mrs. Daisy Mann; secretary, Mrs. Mary L. Stough; treasurer, Mrs. Margaret B. Lea; conductress, Mrs. Jessie L. Martinet; associate conductress, Mrs. Mary B. Day; organist, Mrs. Genevieve Porter; marshal, Mrs. Jennie D. Hillman; chaplain, Mrs. Matilda Cham-

bers; Adah, Mrs. Edith Schulse; Ruth, Mrs. Polle Kern; Esther, Mrs. Viola D. Clark; Martha, Mrs. Leota Fergus; Electa, Mrs. Edith Mitchell; warder, Mrs. Emma Nagel; sentinel, Asa Squiers.

The hall had been decorated with the holiday colors, red and green. Ropes of smilax interspersed with Christmas bells formed a canopy over the Star points. A delicious banquet was served and the tables carried the decorative color scheme.

The grand worthy matron in her usual gracious manner complimented the chapter on its choice of officers and the splendid manner in which the work was exemplified. She was the recipient of a beautiful bouquet of red carnations and fern.

H. C. Lawrence in well chosen words presented the retiring worthy matron, Mrs. Lillian Kemp, a past matron's jewel in the form of a La Valliere.

The chapter was presented with a banner decorated with the colors of the order by one of the past matrons, Eva H. Boyd.

Among visitors from other chapters at the meeting were Mrs. W. F. Herman, Mr. and Mrs. Long, Mr. and Mrs. Thorn, Mrs. Freese, Mr. Bogardus, Mr. and Mrs. Dryer, Mrs. Armstrong, and Mr. Axtel and Mrs. Simpson.

Funeral of John L. Bryson Yesterday

The funeral of the late John Lawson Bryson, who died at Taft, several days ago, occurred in Anaheim yesterday morning at 9:30 o'clock, the body having arrived here Monday from the northern oil city.

The local Masonic lodge conducted an impressive funeral service, and the body was laid to rest in the Anaheim cemetery beside the grave of his first wife.

Mr. Bryson was well known in the oil fields at Olanda, having held a position of responsibility for many years there, and having been connected with the boiler manufacturing department for the Standard company. He was a member of the Masonic lodge No. 426, at Taft, and was 44 years of age. He leaves a widow, three sisters and two brothers. The widow and a brother, S. E. Bryson, and D. A. White, a brother-in-law, came down from Taft yesterday to attend the funeral.

Death was caused from nervous trouble.

BACKACHE
RHEUMATISM
KIDNEYS
and BLADDER

Backache, rheumatism, and all kidney and bladder disorders are caused from weak inactive kidneys, which fail to filter out the poisons, and keep the blood pure. The only way to positively and permanently cure such troubles is to remove the cause. The reason why Foley Kidney Pills are the best medicine for kidney and bladder troubles is because they are made wholly of those healing, strengthening and restorative ingredients that nature needs to build up and renew these important and vital organs. See that you get Foley Kidney Pills for your kidney and bladder troubles. They are tonic in action, quick to give good results, and contain no harmful drugs.

LOS ANGELES PRODUCE MARKET

Weakness developed again yesterday in both the butter and egg markets. Butter declined 2 cents during the trading on the Produce Exchange, while eggs fell off 1/2 cent. The easy market in San Francisco, as well as heavy receipts from the East, was the principal cause of the weakness in butter. The decline in eggs was nominal, and the market still maintains a rather good feeling. Receipts were very light. Cheese was practically unchanged, although an easier feeling is likely to develop on account of the falling off in butter. Advances in several lines of vegetables occurred. Lettuce and Cauliflower were stronger. The former in some instances was quoted as high as \$1.25 a crate. The demand has been very good lately, and the supply is rather limited. There was a somewhat higher market for peas, owing to scarcity of the product.

KINDNESS COST THE WITNESS \$2,500

Fraser, Witness Against Catterlin, Found His Offer Brought Trouble

Catterlin Had to Give Up Property But Criminal Charge Dropped

An aftermath of the arrest of F. J. Catterlin for getting property under false pretenses is told in the Los Angeles Times. Catterlin's case was in the superior court here for months, awaiting trial. It finally had to be dismissed because witnesses were in the East. The Times says:

It was the purpose of E. J. Fraser to be a "good angel" to two old people who had been cheated out of a business block which represented their lifetime savings, but now that his kindness has cost him \$2,500 in cash, the humiliation of a grand jury indictment and a great deal of worry and annoyance he feels that he is nearer what might be called a "goat" than a prototype of a celestial being.

The case against Fraser, who is president of the Board of Trade of Eugene, Ore., and a man of prominence in that city, charging him with perjury, fell flat in Judge Willis' court yesterday. The judge announced that he had reviewed the whole case and that there was not a scintilla of evidence of crime on the part of Fraser.

In the fall of 1912, one F. J. Catterlin of Portland, traded a large bunch of bonds to Mr. and Mrs. C. H. Newcomb of Anaheim, for a perfectly good business block at thirty-third street and Central avenue. Catterlin told the Newcombs that the papers which he handed them were worth \$48,000.

The Newcombs looked at the engraved bonds and admired their beauty, but finally they were possessed with the suspicion that the stuff wasn't worth as much as the building which had been bought with their savings. They brought suit against Catterlin to recover the building on the ground that fraud had been practiced in the trade.

Fraser read in a newspaper in his home city about the Catterlin-Newcomb deal. He told his wife that he had a letter from Catterlin in which he said that the bonds were worth 1 1/4 to 1 1/2 cents on the dollar, and that he believed that something had been put over on the Newcombs.

Mrs. Fraser convinced her husband that if he had such knowledge in his possession it was his moral duty to

LOS ALAMITOS SUGAR FACTORY CLOSES SUCCESSFUL CAMPAIGN

The Los Alamitos Sugar factory has just closed down for the season, after having experienced one of the most successful years in the history of the industry in Orange county.

H. C. Lawrence, who has been serving the company for the past 13 years as superintendent, said, "The factory has been closed down for the season just closed 80,000 tons of sugar beets. Two hundred and twenty-five thousand bags of granulated sugar, each sack weighing 100 pounds, is the pioneer sugar factory's output for the season."

Mr. Lawrence also stated that they were already contracting for beets to handle next summer, and there is no doubt but what the usual 10,000

use it in defense of the rights of the aged couple. Fraser yielded to the voice of his wife and of conscience and acted accordingly.

When the suit against Catterlin came to trial here, Fraser was on hand with the letter. He sprung it and it caused a tremendous sensation. Catterlin's attorneys deserted him, Judge Dooley at once decided the case in favor of the Newcombs, and the whole proceedings ended in a bang, all because Fraser sprung the letter.

The Newcombs paid Fraser's traveling expenses to this city, but before he got out of town after the trial he became ill and went to a hospital. He was in the hospital several weeks and the bills amounted to \$900. The Newcombs couldn't pay the \$900. But that was not all. Catterlin had a come-back. He convinced the local grand jury that Fraser had invented the letter and the latter was indicted. Then it was up to Fraser to prove the genuineness of the letter.

Depositions were taken here and in Eugene. Fraser paid the expenses of

The company does not care to contract for any larger amount than the 10,000 acres.

The big sugar mill has been in operation just 100 days and nights, the campaign having opened August 21.

The product is known as the "Clark Sugar," as the Clark family are owners and the entire company is composed of members of the Clark family. J. Ross Clark of Los Angeles, and Senator W. A. Clark of Montana being distinguished and well known persons connected with the company.

J. Ross Clark, Jr., perished in the Titanic disaster, but his wife was saved.

TOMATOES GIVE GROWERS A NEAT SUM

Fifty Carloads More Vegetables Shown by North End District

Product Brings \$5.50 More a Ton This Year Than Last

FULLERTON, Dec. 10.—Exceeding last year's shipments by more than fifty carloads of better quality vegetables, the total product of tomatoes exported from the territory included in Fullerton, Anaheim and Placentia will this year reach the value of \$41,250. The total shipment for the territory mentioned for the season just closed has reached 150 carloads, or a larger tonnage than ever before. In round figures the increase in value over last year's shipments is nearly \$16,000.

The tomato season opened about the middle of September and since that time, growers in this vicinity have been harvesting one of the largest crops ever known. Of the total shipments, two-thirds or 100 carloads were handled by the California Vegetable Union. Not only has the quality of tomatoes this year been better and the crop larger, but the prices have been better. While growers last year could secure only \$22 a ton for their "fancy quality" this same tomato is bringing \$5.50 more on the market today or \$27.50 a ton.

Most of the large shipments have been made to eastern markets and to the large cities in the middle western states.

Early predictions indicate anything, the outlook for cabbage is not so good. There is a dearth of cabbage plants and it seems likely that not more than 1500 acres will be planted as against 2200 acres for last season. A large portion of the crop last year was frozen.

THRU 50 MILES DESERT—NO LOW GEAR

Anaheim Mining Men Have
Trying Trip Across Desert
in Their Cadillac

(From the Anaheim Daily Herald)
Dr. W. W. Adams and J. R. Friend returned to their home in this city Monday night from their mining property at Palms, which is about 65 miles east of Banning. They were gone 12 days in all and reported their property was in good shape. The trip was made in their 30-horsepower 1910 Cadillac.

On the trip back from the property, they experienced one of the hardest trips that has ever been made across the desert. About five miles on the other side of 29 Palms they stripped the gears on the car, while crossing a bad sandy stretch. They had no idea of trying to get home with their car in this condition, but thought that the freight truck from Fullerton would be going out there and they could be towed back with it. They found, however, that the truck did not make the trip, so it was up to them to get home alone.

Their experiences through the 50 miles of desert were wonderful, for in some places it was necessary to get out and shovel the sand from in front of the wheels, then one get behind the car and push, and the other give the car the power, which would have to be applied in the intermediate, as the low gears were stripped. In one stretch in the Devil's Garden it required an hour and a half to go a mile and a half. In this stretch the road is either over the worst rocks and boulders, or else through deep sand. How they ever made the trip through this sand without any low gear is certainly remarkable. They made the entire trip of 150 miles, 50 miles of which was through the desert, in 12 1/2 hours.
